

Github Link: <https://github.com/MillsLogan/Mini-Project-0>

The screenshot shows the Keil uVision IDE interface. The main window displays the assembly code for 'UART.c'. The code includes comments in Chinese and English, and C code for initializing the UART peripheral. The 'Project' window on the left shows the project structure with files like 'Main.c', 'UART.c', and 'UART.h'. The 'Command' window at the bottom shows the command to load the project: 'Load "C:\Users\apple\school\spring_2025\embedded_systems\Mini-Project-01\Objects\keil_project.axf"'. The 'UART#1' window shows the output of the program, which is 'HelloWorld: Logan Mills' repeated multiple times.
